Christmas Tree Stands HANDCRAFTED COLLECTION

Here at Tom Chambers we have been manufacturing our original Christmas tree stands for over 40 years.

Our stands are still made in the traditional way by our team of craftsmen here in Yorkshire, using only the finest materials and powder coated in glittery, festive colours to give a touch of class.

We are also proud to label up our Christmas tree stands with our stylish, Union Jack branded label.

New to our Christmas tree stand range is the easy to use 'Rapid Stand', which needs no bolts to hold your tree in place, making displaying trees effortless.

NEW RAPID CHRISTMAS TREE STANDS

- The speedy and simple way to display a fresh Christmas tree
- Simply slide your tree trunk between the metal rods to hold the tree firmly in place
- The large water chamber keeps your tree nourished and healthy and can be topped up regularly
- A very practical and sturdy Christmas tree stand with no need for bolts
